STRATEGIC PRIORITY: Government Performance & Financial Management

AGENDA DATE: January 11, 2023

COUNCIL DISTRICT(S): All

DEPARTMENT: Office of Procurement Services

EXECUTIVE: Jack Ireland

SUBJECT

Authorize a three-year master agreement for the purchase of fire hydrant backflow preventers and parts for the Water Utilities Department - Test Gauge & Backflow Supply, Inc. in the estimated amount of \$212,000 and Fortiline, Inc. dba Fortiline Waterworks in the estimated amount of \$57,000, lowest responsible bidders of three - Total estimated amount of \$269,000 - Financing: Dallas Water Utilities Fund

BACKGROUND

This action does not encumber funds; the purpose of a master agreement is to establish firm pricing for goods, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This master agreement will provide for the purchase of fire hydrant backflow preventers and parts for

the Water Utilities Department. The backflow preventers restrict the reverse flow of non-potable water into the water supply through the fire hydrants. Backflow preventers provided under this agreement will be used to replace old and worn-out models and any preventers damaged beyond repair. This agreement will also provide replacement parts for general maintenance of backflow preventers. The average life expectancy of the backflow preventer is approximately three years.

Additionally, under a licensing/leasing program the City supplies backflow preventers to the commercial customer for construction projects, demolition, and special events. Currently the City manages approximately 800 accounts which require this equipment. A customer applies for a permit and is required to place a deposit for use of the backflow preventer. The customer is charged a monthly service fee for the use of the equipment.

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)

On January 24, 2018, City Council authorized a three-year master agreement for fire hydrant backflow preventers and parts with Ferguson Enterprises, Inc., Fortiline, Inc., and Core & Main, LP by Resolution No. 18-0207.

FISCAL INFORMATION

Fund	FY 2023	FY 2024	Future Years
Dallas Water Utilities Fund	\$68,200.00	\$100,400.00	\$100,400.00

M/WBE INFORMATION

In accordance with the City's Business Inclusion and Development Policy adopted on September 23, 2020, by Resolution No. 20-1430, as amended, the M/WBE participation on this contract is as follows:

Contract Amount	Procurement Category	M/WBE Goal
\$269,000.00	Goods	32.00%
M/WBE Subcontracting %	M/WBE Overall %	M/WBE Overall Participation \$
0.00%	0.00%	\$0.00
<ul style="list-style-type: none"> The Request for Bid method of procurement resulted in the lowest responsive bidders being selected, which resulted in no M/WBE participation. Test Gauge & Backflow Supply, Inc. - Non-local; Workforce - 25.00% Local • Fortiline, Inc. dba Fortiline Waterworks - Non-local; Workforce - 0.00% Local
