### BACKGROUND

On May 22, 2019, City Council adopted the Land Transfer Program by Resolution No. 19-0824, as

amended. The purpose of the Land Transfer Program is to incentivize: 1) the development of quality, sustainable housing that is affordable to the residents of the City and 2) the development of other uses that complement the City's Comprehensive Housing Policy (CHP), Economic Development Policy, or redevelopment policy. Specifically, the Land Transfer Program authorizes the City to sell qualifying City-owned real property and resell tax-foreclosed real property to for-profit, non-profit and/or religious organizations in a direct sale at less than fair market value of the land, consistent with the authorizing state statute or City ordinance.

In December 2022, an eligible developer, Andrews Development & Holdings, LLC, submitted an application (proposal) to purchase a total of eight Land Transfer Program lots. The Department of Housing & Neighborhood Revitalization (Housing) staff evaluated the application pursuant to the standards set forth in the Land Transfer Program guidelines, which included determining whether the developer met the eligibility standards to be deemed a "Qualified Participating Developer" and underwriting the proposal. The application was determined to be "complete" and was assigned a score.

Housing staff collaborated with the Qualified Participating Developer regarding the terms of sale of the vacant lots as well as the terms related to the construction and subsequent sale of single-family housing units to income eligible homebuyers.

The Developer being considered for the sale of eight lots is Andrews Development & Holdings, LLC, based in Dallas, Texas. The Developer is a limited liability corporation formed in Texas in 2020, is licensed with the City of Dallas as a General Contractor and is Minority/Women Business Enterprise certified. The company has three years of home building experience. To date, the applicant has constructed and sold market rate homes and affordable housing in Dallas, specifically, the company does have experience constructing and selling in southern Dallas to homebuyers in the income range as the Land Transfer Program. The applicant has a current line of credit to support this project 1.02 times. The Managing Partner of the company is Queenetra Andrews.

The proposal indicates the construction of eight single family units ranging from 1,366 square feet to 1,577 square feet with a minimum of three bedrooms and two baths. The price range of the proposed units will be \$204,000.00 - \$250,000.00 targeting homebuyers in an income range of 60% - 120% of the area median income (AMI). Five units will be used to target homebuyers in an income range of 80% - 120% AMI and three units will be used to target homebuyers in an income range of 60% - 80% AMI. The developer intends to market the City of Dallas Homebuyer Assistance Program to those homebuyers categorized in the 60% - 80% AMI range.

The development terms applicable to each lot are as follows:

- **Vacant Lot Sales Price:** Attached as **Exhibit A**.
- **Single-Family Home Sales Price:** The sales price of the home cannot exceed the current U.S. Department of Housing and Urban Development (HUD) HOME Investment Partnership Program (HOME) homeownership sales price for the Dallas, TX HUD Metro Fair Market Rent (FMR) Area and must be affordable based on the income of the targeted homebuyer.

- **Targeted Income of Homebuyer:** 60% - 120% AMI.
- **Construction Timeframe:** Developer must apply for a construction permit and close on any construction financing within 60 days of purchase from the City. In addition, Developer should complete construction and sale of each affordable housing unit to an income eligible homebuyer within two years of the date of acquisition of the vacant lot utilized for construction of the unit.
- **Restrictive Covenants:** Developer must: (1) sell each lot to an income eligible household and (2) prior to the sale, must provide to Housing staff written documentation of the income of the proposed purchaser and the sales price. After sale of the home, the property must be occupied as an income eligible household's principal residence during the entire term of the affordability period.
- **Affordability Period:** Once the property is sold to an income eligible household, it must be occupied as the household's principal place of residence for at least five years. If the original purchaser re-sells the property during the affordability period, the property may only be sold to another income eligible household.
- **Right of Reverter:** Title to the property may revert to the City if Developer has (1) failed to take possession of the land within 90 calendar days after receiving the deed to the parcels of real property; (2) failed to complete construction of all required housing units or other required development on the real property, or failed to ensure occupancy by eligible households within the development timeframe set forth in the development agreement; (3) incurred a lien on the property because of violations of city ordinances and failed to fully pay off the lien within 180 days of the City's recording of the lien; or (4) sold, conveyed, or transferred the land without the consent of the City.
- **Unit Sales Price:** Units must be sold to an income eligible homebuyer between 60% - 120% of the AMI, after developer subsidies, at a final sales price between \$204,000.00 and \$250,000.00. The City Manager may modify the sales price, so long as such modification complies with the CHP.
