### **SUBJECT**

A resolution authorizing the **(1)** execution of the Third Amendment to Revolving Credit Agreement with Bank of America, N.A.; **(2)** execution of the Third Amendment to Revolving Credit Agreement with State Street Bank and Trust Company; all in support of the City of Dallas, Texas Waterworks and Sewer System Commercial Paper Notes, Series D; and **(3)** execution of agreements pertaining thereto and resolving other matters related thereto, for a six-month extension from June 30, 2020 through December 30, 2020 - Not to exceed \$719,000 - Financing: Dallas Water Utilities Fund (subject to annual appropriations)

### **BACKGROUND**

In 1987, City Council authorized an ordinance establishing a commercial paper program as interim financing for Dallas Water Utilities (DWU) capital improvements for a period of 10 years, ending in September 1997, with a maximum issuance amount of \$100 million. Since 1987, DWU's initial commercial paper program has been reauthorized several times and increased in total size consisting of Series D and E with each series authorized at \$300 million.

Commercial paper provides interim financing for DWU capital projects. The use of commercial paper permits more cost-efficient use of capital as short-term debt is issued to closely match the amount and timing of the award of capital project contracts. Commercial paper notes are normally sold at rates of interest that are lower than rates available at the same time on long-term debt. Outstanding commercial paper is periodically reduced by refinancing it with long-term debt.

Commercial paper issuance is supported by lines of credit from highly rated banks. These lines of credit assure investors that the notes will be paid in the unlikely event that a note cannot be sold to another investor at maturity. The current \$300 million Series D program was authorized in June 2014 for a three-year period and supported by lines of credit from State Street Bank and Trust Company ("State Street") and Bank of America, N.A. ("Bank of America"). The credit agreements with State Street and Bank of America were extended in 2017 and again in 2019 to June 30, 2020.

State Street and Bank of America have offered to provide the credit facility supporting DWU's \$300 million Series D Commercial Paper Program with no material changes in terms and conditions for an additional period until December 30, 2020. State Street will continue to provide \$225 million of the total credit facility while Bank of America provides \$75 million. The annual fee for the line of credit facility backing the existing program is 30 basis points, or 0.30 percent, for the period of the extension.

This item provides authorization to extend the agreements from an amended effective date of June 30, 2020 to December 30, 2020 with State Street and Bank of America under the same terms and conditions. The extension of the program is necessary to provide liquidity for the Waterworks and Sewer System Commercial Paper Notes, Series D.
