STRATEGIC PRIORITY: Government Performance and Financial Management
AGENDA DATE: August 12, 2020
COUNCIL DISTRICT(S): All
DEPARTMENT: Office of Procurement Services
EXECUTIVE: Elizabeth Reich

SUBJECT

Authorize a three-year service price agreement for compressed natural gas fuel station parts and maintenance for the Department of Equipment and Fleet Management - Trillium Transportation Fuels, LLC, lowest responsible bidder of two - Estimated amount of \$498,400 - Financing: Equipment and Fleet Management Fund

BACKGROUND

This action does not encumber funds; the purpose of a service price agreement is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This service price agreement will provide for compressed natural gas fueling facilities at the Southwest and Northwest Service Center and compressed natural gas fuel station parts and maintenance for equipped fleet vehicles for the Department of Equipment and Fleet Management.

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors. Additionally, in an effort to secure more competition, the Office of Business Diversity sent notifications to chambers of commerce and advocacy groups to ensure maximum vendor outreach.

On November 10, 2015, the City Council authorized a living wage policy that requires contractors to pay their employees a “living wage” rate as established annually by the Massachusetts Institute of Technology Living Wage Calculator for Dallas County by Resolution No. 15-2141. The current calculated living wage during the solicitation process of this contract is \$11.71; the selected vendor meets this requirement.
