BACKGROUND

Annually, City Council calls and holds a public hearing to consider the proposed assessment for property in the Public Improvement District (PID) and authorizes the Service Plan for each PID. At the adjournment of the hearing on the proposed assessments, the City Council must hear and pass on any objections to a proposed assessment and may amend a proposed assessment on any parcel. After hearing and passing on objections, the City Council by ordinance shall levy the assessment as a special assessment on the property.

The Lake Highlands Improvement District Corporation provided City staff with the proposed District

Service Plan for 2021 and the proposed Assessment Plan for 2020 for review, and staff found the services and improvements to be advisable and recommended approval subject to the public hearing on September 9, 2020.

Dallas County will continue to collect assessments, retain a collection fee (\$2.75 per account and subject to change), and as went into effect beginning with the 2018 assessment year, transfer the remaining assessments to the City. The City will then disburse assessments to the PID management entity at a frequency outlined in the amended management contract.

The PID Service Plan is outlined in the following way:

- (a) Nature of the Services and Improvements.** The purpose of the District is to supplement and enhance services provided within the District, but not to replace or supplant existing City services provided within the District. The proposed services and improvements to be provided in the District includes enhanced security and public safety, capital improvements, improvement of common areas, landscaping, trash/litter removal, graffiti control, marketing and promotional activities, distinctive lighting and signage, business development and recruitment to promote the area, and related expenses incurred in establishing, administering and operating the District as authorized by the Act.
- (b) Estimated Cost of the Services and Improvements.** During the next five-year period, the estimated annual cost of the improvements and services provided by the District is expected to begin at approximately \$845,782.00 in 2021 and reach \$1,492,835.00 in 2025. The total estimated net assessments to be collected during the next five-year period is approximately \$5,684,304.00. The District shall incur no bonded indebtedness.
- (c) Boundaries.** The boundaries of the District are located wholly within the city of Dallas, Texas. The boundaries of the District are as shown on Exhibit A attached to the resolution.
- (d) Method of Assessment.** The assessment shall apportion the costs each year among the property owners on the basis of special benefits accruing to the property. The proposed method of assessment, which may specify included or excluded classes of assessable property, shall be assessed according to the value of the real property and real property improvements as determined by the Dallas Central Appraisal District (DCAD). The net assessment amount for 2020 is proposed to be \$845,782.00. This amount is approximately equal to \$0.13 per \$100.00 of appraised value as determined by DCAD. Once levied, this assessment rate shall not increase during the 2021 Service Plan year. The annual assessment rate shall not exceed \$0.13 per \$100.00 valuation. Future annual assessment rates, however, may be increased up to a maximum of \$0.15 per \$100.00 valuation subject to appropriations set forth in the petition that created the District. Any future increase in the assessment rate would also be subject to a public hearing and approval by the City Council.

The real property of jurisdictions and entities that have obtained an exemption from City of Dallas real property taxes pursuant to the Texas Property Code (except under the provisions of Sections 11.24 and 11.28 of the Property Tax Code) will not be subject to an assessment on that portion of the assessed value of the property exempt from City real property taxes. Property owned by persons already receiving and qualifying for 65-or-older homestead exemption under Section 11.13 (c) or (d) of the Texas Property Tax Code will be exempt from assessment.

Payment of assessments by other exempt jurisdictions and entities must be established by contract.

(e) Apportionment of costs between the District and the Municipality as a Whole.

The assessment is levied on the real property and real property improvements in the District according to the value of such property. Levying the assessment for the services and improvements based on the appraised value of the property results in the apportionment of the costs on the basis of special benefits accruing to the property. No assessment, however, will be levied against exempt City property in the District. The City of Dallas is not responsible for payment of assessment against exempt City property in the District. City rights-of-way, railroad right-of-way, City parks and cemeteries are not subject to PID assessment.
