**STRATEGIC PRIORITY:** Mobility Solutions, Infrastructure, and Sustainability

**AGENDA DATE:** October 13, 2020

**COUNCIL DISTRICT(S):** 2

**DEPARTMENT:** Department of Aviation

**EXECUTIVE:** Majed Al-Ghafry

### **SUBJECT**

Authorize the execution of an agreement with Southwestern Bell Telephone Company d/b/a AT&T to relocate and install AT&T telephone equipment, meters, and wiring necessary for the reconstruction of Runway 13R/31L at the Airport in accordance with the Federal Aviation Administration guidelines - Not to exceed \$75,507.99 - Financing: Aviation Passenger Facility Charge - Near Term Projects Fund

### **BACKGROUND**

The Department of Aviation in accordance with the Federal Aviation Administration specifications and guidelines, will award a construction contract for the reconstruction of Runway 13R/31L at Dallas Love Field. The surface of the runway must be reconstructed to meet federal guidelines and provide safety for airport operations. Prior to reconstruction, Southwestern Bell Telephone Company d/b/a AT&T must be granted access to the Airport to relocate and reinstall equipment, wiring, and utilities within a designated infrastructure area adjacent to the runway.

Runway 13R/31L was originally constructed in 1965 and serves as one of the primary runways for commercial and general aviation takeoffs and landings at Dallas Love Field. The runway was last rehabilitated in 1990. The scope includes but is not limited to demolition, removal, reconstruction, realignment, and relocation of runway material and utilities such as AT&T services.
