### **BACKGROUND**

HTG Texas Developer, LLC or its affiliates (Applicant) submitted a pre-application to the Texas Department of Housing and Community Affairs (TDHCA) for 2021 9% Competitive Housing Tax Credits (9% HTC) for the development of Metro Lofts, a ground-up development of a 90-unit mixed-income multifamily complex located at 2133-2137 & 2221 Empire Central Drive, Dallas, Texas 75235.

In the administration of its **9%** HTC Program, TDHCA awards application points for a resolution from a Governing body of a local municipality on the following basis:

- 7 points for a resolution from the governing body of that municipality expressly setting forth that the municipality has no objection (Resolution of No Objection) to the Application or Development

The Applicant, a to be formed Texas limited partnership, is proposing to develop Metro Lofts. The Applicant proposes the limited partnership include Housing Trust Group or its affiliate as 100% owner of the Special Limited Partner as managing partner of the project. Additionally, a limited partner will be admitted to the partnership once a tax credit investor is identified.

The Applicant proposes to develop 90 units. The 90 units will be comprised of 25 one-bedrooms, 45 two-bedrooms, and 20 three-bedrooms. The interior will include nine-foot ceilings and granite countertops. Planned amenities feature a fitness center and community laundry room.

Total development costs are anticipated to be approximately \$23,988,144.00 which includes the acquisition price for the land. The hard cost construction budget is anticipated to be \$13,660,962.00 which is \$151,788.47 per unit. The total construction amount includes a 6% contingency.

The Dallas City Council on May 9, 2018, adopted the Comprehensive Housing Policy (CHP), Resolution Nos. 18-0704 and 18-1680, as amended on November 28, 2018, which provided a policy including evaluation criteria for developers requiring Resolutions of Support or No Objection for rental housing developments seeking HTC through TDHCA.

On June 12, 2019, City Council authorized an amendment to the CHP to modify the evaluation criteria for developers requiring Resolutions of Support or No Objection for rental housing development seeking Housing Tax Credits through TDHCA by Resolution No. 19-0884. The modified evaluation criteria include standard thresholds for both 4% and 9% HTC applications such as evidence of site control, TDHCA minimum site standards, affirmatively further fair housing, and other requirements.

The evaluation criteria for 9% HTC applications seeking a Resolution of Support also requires applications meet a priority housing need of the City. The applications must meet at least one of the following six priorities:

- The project has been selected to receive City funding such as Community Development Block Grant Funds, HOME Investment Partnerships Program, or General Obligation Bond funding;
- The applicant intends to partner with the DHFC or Public Facility Corporation,
- The proposal involves the redevelopment of public housing owned by the Dallas Housing Authority under the Choice Neighborhoods, Rental Assistance Demonstration, HOPE IV, or other similar U.S. Department of Housing and Urban Development programs that may be created;
- The project is located in a census tract with a poverty rate below 20%
- The project located in a Redevelopment Reinvestment Strategy Area (RSA) or Stabilization RSA; and
- A 50-unit project dedicating 20% of the units for tenants referred from the Continuum of Care list.

Applications that do not qualify as a priority housing need must score at least 50 points based on if the proposed project is mixed income, includes a non-profit or historically underutilized business, its proximity of amenities to the development site, and resident services to be provided.

Metro Lofts is qualified to receive a staff recommendation for a resolution of support as it is a priority housing need development located in a census tract with a poverty rate less than 20% (Census Tract 48113000406) and met the required application thresholds. The proposed site has a Market Value Analysis market type of H and is surrounded by and E and F market types.
