BACKGROUND

On May 22, 2019, City Council adopted the Land Transfer Program by Resolution No. 19-0824, as amended, for the purpose of incentivizing: **(1)** the development of quality, sustainable housing that is affordable to the residents of the City and **(2)** the development of other uses that complement the City's Comprehensive Housing Policy, economic development policy, or redevelopment policy. Specifically, the Land Transfer Program authorizes the City to sell qualifying city-owned real property and resell tax-foreclosed real property to for-profit, non-profit and/or religious organizations, as applicable, in a direct sale at less than fair market value of the land, consistent with the authorizing state statute or city ordinance. The tax foreclosed lots are being sold pursuant to 34.051 of the Texas Property Tax Code.

In June 2021, a qualified participating developer, Women That Soar, L.L.C. (WTS), submitted an application (proposal) to purchase a total of five Land Transfer lots. The Department of Housing and Neighborhood Revitalization (Housing) evaluated the application pursuant to the standards set forth in the Land Transfer Program guidelines, which included determining whether the developer met the eligibility standards to be deemed a "Qualified Participating Developer" and underwriting the proposal. The application was determined to be "complete" and met minimum scoring to be eligible. Housing collaborated with Women That Soar, L.L.C. regarding the terms of sale of the vacant lots as well as the terms related to the construction and subsequent sale of single-family housing units to income eligible homebuyers.

WTS is a domestic limited liability company formed in Texas in 2007 by managing member Gina Grant. The organization is a Dallas-based organization focusing on community development strategies specifically targeting minority, low-moderate income individuals. The organization, WTS produces fiscal literacy and homebuyer education courses to assist their target audience in becoming successful homeowners. At this time, WTS intends to partner with Simply Custom to advance their objectives by developing affordable housing. Simply Custom is a Dallas-based builder with experience in residential and commercial construction. Developer has previously participated in the City's Land Bank Program and successfully completed the lot acquisition, development, and sale of six homes to income-qualified homebuyers on Land Bank lots over the past four years. Past performance suggests that the Developer will continue to construct quality affordable housing units on the lots while meeting the requirements of the Land Transfer Program.

The project consists of the construction of four single family units, four models, ranging from 1,665 square feet to 2,244 square feet with a minimum of three bedrooms and two baths. Developer proposes to re-plat 2517 and 2519 Samoa into one lot due to the size of 2517 Samoa, 2,513 square feet. The price range of the proposed units will be \$234,500.00 - \$249,900.00 targeting homebuyers in an income range of 61% - 120% area median income (AMI). The developer has committed to subsidizing each unit with subsidies ranging from \$25,000.00 - \$150,000.00. These subsidies will reduce the price range to \$99,900.00 - \$212,500.00. Specifically, the price point for the Model: A is expected to be \$234,500.00 and is expected to be subsidized by WTS in the amount of \$25,000.00 for a final sales prices of \$209,500.00 to an eligible homebuyer within 81-120% AMI. The price point for the Model: B is expected to be \$249,900.00 and is expected to be subsidized by Texas Capital Bank in the amount of \$150,000.00 for a final sales prices of \$99,900.00 to an eligible homebuyer within 61-80% AMI. The price point for the Model: C is expected to be \$245,500.00 and is expected to be subsidized by WTS in the amount of \$85,000.00 for a final sales prices of \$160,500.00 to an eligible homebuyer within 61-80% AMI. The price point for the Model: D is expected to be \$237,500.00 and is expected to be subsidized by WTS in the amount of \$25,000.00 for a final sales prices of \$212,500.00 to an eligible homebuyer within 81-120% AMI. In addition, the developer intends to market the City of Dallas Homebuyer Assistance Program to those homebuyers categorized in the 60-80% AMI range.

The development terms applicable to each lot are as follows:

- **Vacant Lot Sales Price:** Attached as **Exhibit A**.
- **Single-Family Home Sales Price:** The sales price of the home cannot exceed the 2021 U.S. Department of Housing and Urban Development (HUD) HOME homeownership sales price for the Dallas, TX HUD Metro FMR Area and must be affordable based on the income of the targeted homebuyer.

- **Unit Sales Price:** Units must be sold to an income eligible homebuyer between 61-120% of the area median income, after developer subsidies, at a final sales price between \$99,900.00 and \$212,500.00.
