### **SUBJECT**

Authorize an ordinance amending the Project Plan and Reinvestment Zone Financing Plan ("Plans") for the City Center Tax Increment Financing ("TIF") District (the "Zone") to approve: **(1)** the TIF Board's finding that Klyde Warren Park is an area of public assembly and that TIF funds from the District-Wide Improvement budget category may be used for the Phase 2 expansion of Klyde Warren Park ("KWP2") because it is a project benefitting the Zone and because such expansion is necessary or convenient to the creation of the Zone or to the implementation of the Plans; and **(2)** corresponding modifications to the Plans to reflect these amendments and findings - Financing: No cost consideration to the City

### **BACKGROUND**

In the City Center TIF District Plan, District-Wide Improvement budget category funds may currently be used to support improvements that are not specific to a single development site or project such as gateways, trails, open space, pedestrian connectivity linking the Zone to other downtown destinations, or utility/streetscape improvements benefiting the Zone. The City Center TIF District Plan states that "pedestrian connectivity improvements enhancing the connection between the Lamar Corridor/West End Sub-district and Victory Park area shall be first in priority for expenditure of funds in this category."

As proposed, the Phase 2 expansion of Klyde Warren Park includes an approximately 1.5 acre extension of Klyde Warren Park over Woodall Rodgers Freeway generally between Saint Paul Street and west of Akard Street adjacent to the City Center TIF District. As necessary and convenient to implement the Project Plan and Reinvestment Zone Financing Plans ("Plans") and achieve their purposes, the City Center TIF Board of Directors adopted an amendment to the Plans finding that Klyde Warren Park is an eligible project cost even if located outside the TIF District because it is an area of public assembly that benefits the Zone. Further, the amendment specifies that TIF funding from this District-Wide Improvement budget category may be used for an expansion of Klyde Warren Park, as an area of public assembly serving downtown and linking the downtown core, including

West End/Lamar, to Victory Park and to Uptown. KWP2 is defined as a project cost under the Plans because it is an area of public assembly. The TIF Act (Chapter 311 of the Texas Tax Code) allows for the dedication of revenue from the tax increment fund to pay the costs of providing affordable housing or areas of public assembly in or out of the reinvestment zone.

In a separate but related agenda item, City Council will be asked to consider entering into a development agreement with Woodall Rodgers Park Foundation ("Foundation") in an amount not to exceed \$3,000,000.00 which is to be used to leverage a \$30,000,000.00 Surface Transportation Block Grant contribution from the North Central Texas Council of Governments/Regional Transportation Council for the design and construction of KWP2, payable from current and future City Center TIF District funds from the District-Wide Improvement budget category. The TIF funds would be coupled with at least \$7,000,000.00 in private donations secured by the Foundation.

This Plan amendment does not change the \$4,000,000.00 City Center TIF District District-Wide Improvement budget over the life of the TIF District.
