This service allows videos to be live streamed, time-stamped, and integrated with the meeting's written agenda before being published to the City's website. Closed captioning functionality is included through this agreement, further enabling the City to meet audit and Americans with Disabilities Act requirements. Additionally, the City has the ability to archive meetings and provide a full schedule of all media content and upcoming events that can be accessed on-demand or directly on smart devices.

This service is part of the City's continuous commitment to offer residents, business owners and stakeholders, services that make government more accessible and responsive. This software application provides a mechanism to acquire optional services for the potential need of additional public meeting broadcasts, language translations and social media streaming during the contract term.

The Interlocal Purchasing System cooperative agreement is authorized by Chapter 791 of the Texas Government Code and Subchapter F, Chapter 271, Texas Local Government Code. Section 271.102 of the Texas Local Government Code which authorizes a local government to participate in a Cooperative Purchasing Program with another local government or a local cooperative organization.
