BACKGROUND

The City of Dallas receives four formula grants each year from the U.S. Department of Housing and Urban Development (HUD) that make up the Consolidated Plan: Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA). The purpose of CDBG is to develop viable urban communities by providing decent housing and a suitable living environment and expanding economic opportunities. HOME funds are used to develop, support, produce, and expand the supply of decent and affordable housing. ESG funds help to prevent homelessness and assist individuals and families who are already experiencing homelessness. HOPWA funds provide housing and supportive services to individuals with AIDS, persons who are HIV positive, and their family members.

The Community Development Commission (CDC), a resident advisory board appointed by the City Council, along with City staff, conducted a total of nine public meetings.
