File #: 24-901, Version: 1

STRATEGIC PRIORITY: Government Performance & Financial Management
AGENDA DATE: March 27, 2024
COUNCIL DISTRICT(S): All
DEPARTMENT: Office of Procurement Services
EXECUTIVE: Jack Ireland

SUBJECT

Authorize a three-year service price agreement for citywide heating, ventilation, and air conditioning parts, labor, repair services, equipment rental, and water treatment facilities - Metco Engineering, Inc. in the estimated amount of \$16,921,945.48, RushCo Energy Specialist in the estimated of \$594,955.48, ~~ECOLAB, INC. in the estimated amount of \$179,309.66~~, and Elliott Electric Supply, Inc. in the estimated amount of \$1,741,959.63, lowest responsible bidders of ten - Total estimated amount of ~~\$19,438,170.25~~ [\\$19,258,860.59](#) - Financing: General Fund (~~\$1,226,671.21~~ [\\$1,215,355.64](#)), Capital Construction Fund (~~\$16,003,102.09~~ [\\$11,855,479.61](#)), Dallas Water Utilities Fund (~~\$1,454,384.89~~ [\\$1,440,415.27](#)), Aviation Fund (~~\$694,012.06~~ [\\$4,687,610.07](#)), and Stormwater Drainage Management Fund (\$60,000.00) (subject to annual appropriations)

BACKGROUND

This action does not encumber funds; the purpose of a service price agreement is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This service price agreement will provide for heating, ventilation, and air conditioning parts, labor, repair services, equipment rental, and water treatment facilities for citywide use. The Building Services Department is responsible for over 500 buildings and processes an average of 3,400 heating, ventilation, and air conditioning (HVAC) related service requests each year. This contract will provide equipment, supplies, maintenance, and repair services for HVAC systems at City facilities.

These services and supplies will be utilized citywide at facilities such as: fire stations, police stations, recreation centers, libraries, arts and cultural facilities, City Hall, service centers, and administrative facilities.

The Water Utilities Department (DWU) has over 3,000 pieces of HVAC equipment, including fans, cooling towers, boilers, chillers, DX split systems, unit heaters (gas and electric), roof top units, air handling units, and heating coils at its 320 buildings. HVAC equipment at DWU facilities is generally exposed to more aggressive and corrosive environments due to the chemicals used in some of the treatment processes. With this exposure HVAC materials break down at a higher rate, necessitating frequent repair and maintenance to properly manage these assets.

The service price agreement will authorize maintenance services to the HVAC equipment by certified technicians at DWU's facilities to protect and extend the life of the existing equipment. This action will also provide minor repairs and 24/7 emergency repair service to help mitigate extended outages that could damage process equipment at its facilities, thereby ensuring continued reliable water and wastewater services and stormwater management provided to approximately 2.6 million customers in Dallas and its customer cities.

These service contracts will provide for the equipment, repair, and maintenance of heating and cooling systems for City owned facilities such as:

- Pump stations
- Water and wastewater plants
- Stormwater Management buildings

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors.

On November 10, 2015, the City Council authorized a living wage policy that requires contractors to pay their employees a "living wage" rate as established annually by the Massachusetts Institute of Technology Living Wage Calculator for Dallas County by Resolution No. 15-2141. The calculated living wage during the solicitation process of this contract is \$17.82; the selected vendor meets this requirement.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)

This item has no prior action.
